Movies in 4K Ultra HD

FMPX1 - $699.99

A thrill to behold: 4K Ultra HD.

Get the most out of your Sony® 4K Ultra HD TV[1] with Hollywood hits in 4K Ultra HD only from Sony. The 4K Ultra HD Media Player comes preloaded with 10 bonus feature films and video shorts, plus coming soon – Sony's Video Unlimited 4K network video service offering access to a library of 4K movies and TV shows[2].

Watch 4K Ultra HD movies

Start experiencing the game-changing resolution of 4K Ultra HD1 right away with 10 pre-loaded bonus feature films. Paired with the Sony 4K Ultra HD TV, it's the most immersive, highest resolution home entertainment experience. The special bonus collection includes: • The Amazing Spider-Man™ • Bad Teacher, featuring Cameron Diaz • The Karate Kid, featuring Jackie Chan and Jaden Smith • The Other Guys, featuring Will Farrell • Battle: Los Angeles • That's My Boy, featuring Adam Sandler • Salt, featuring Angelina Jolie • Total Recall 2012, featuring Colin Farrell and Kate Beckinsale . Movies are subject to change in the future.

More 4K is on the way

Launching soon, Video Unlimited 4K from Sony will be the world's first and only network video service that gives you access to a regularly updated library of full-length 4K Ultra HD feature films and TV shows right in your living room[2]. With over 100 titles to choose from by the end of the year, including some of this summer's big hits, you'll have a wide selection of choices to download for rental or purchase. Store up to 2TB[3] of your 4K favorites on the Sony FMP-X1 4K Ultra HD Media Player's[2] built-in hard drive, or add even more space for movies with an external drive (sold separately). It's a whole new way to watch and it's only from Sony.

4K video showcase

In addition to the 10 bonus Hollywood movies, a variety of short-form videos are also included that showcase the immersive experience and fine detail that only 4K can deliver[1]. When you see the collection of Indie films, shorts and 4K gallery videos that demonstrate the full capabilities of end-to-end 4K video production, we think you'll agree – there's nothing else like it.

Fine Print:

1. Actual panel resolution of XBR-X900A 4K Ultra HD TV is 3,840 x 2,160 pixels (in 16:9 aspect ratio).

2. The Sony FMP-X1 4K Ultra Media Player is exclusively compatible with Sony 4K Ultra HD TVs (55X900A and 65X900A). Ethernet connection required. Fees may apply for 4K networked video service.

3. 2 Terabytes equals approximately 2000 Gigabytes. Not all memory is user accessible.
