Interactive Display

WAF series

Unlimited collaboration possibilities

Introducing the WAF Series, your new interactive display that delivers captivating productivity possibilities. Its familiar and intuitive Android OS interface is powered by a processor that guarantees smooth performance, intelligent AI processing and detailed graphics. Access a world of pre-installed tools and interactive apps to boost productivity and usher in a new era of teamwork for the hybrid era. Plus, tap into the updated tools that make it easier to engage and collaborate with multiple team members in real-time, allowing for customizable collaboration environments that create a shared experience, even in hybrid meetings.

Key features

Powerful performance

A powerful octa-core CPU delivers smooth performance across any application. It's easy to do more at once, render detailed 4K graphics, and tap into the power of AI with reliable performance.

Annotation on

A simple press of the always-visible "Annotation" button lets users take notes anytime without interruptions, even with visuals on the screen. It makes collaborating and engaging during lessons more seamless and less intrusive.

Split Note mode

The upgraded Note app allows multiple team members to use the whiteboard at once. Up to 4 team members can work in their own zones without affecting others, fostering both collaboration and individual productivity.

Quick access controls

The WAF includes front-facing physical controls for quick access to frequently used functions. These intuitive controls allow users to operate the interactive display more efficiently, enhancing the overall user experience.

Device management solution

A device management solution is essential to advancing all environments, and the WAF series optimizes remote management for whiteboard settings and apps, guaranteeing efficient and stable operation in any collaborative environment.

*The cloud-based DMS solution is supported free of charge for one year. Pricing policy is subject to change. For further details, please contact your account manager. The WAF series provides an on-prem DMS solution, so customer can select as a solution suitable for the local network situation where the products are installed.

Specifications
