Lenovo ThinkPad

Lenovo ThinkPad P16s Gen 4 AMD

Performance at the Speed of Life

The Lenovo ThinkPad P16s AMD provides the perfect blend of premium power and portability with a stunning 16-inch 16:10 display. Optimized for the next generation of AI experiences, the P16s features the latest AMD Ryzen™ AI PRO 300 Series processors, delivering 50+ TOPS. With this Copilot+ PC, completely transform your workflow with integrated AI tools that will boost productivity and speed up everyday tasks. The P16s also offers the conveniences of a full numeric keypad, Wi-Fi 7 connectivity, and all-day battery capacity in a lightweight design—perfect for on-the-go professionals that need to keep projects moving.

Processor:

300 Series

5.1GHz 12 Cores AMD Ryzen™ AI PRO **Graphics:**

AMD Radeon™ 890M

AMD RDNA™ 3.5 Architecture + PRO Graphics Driver

Memory:

96GB DDR5 5600MT/s 50+ TOPS NPU: 50 TOPS Total: Up to 80 TOPS

Features

Microsoft Copilot+ Enabled Optimized for AI workflows with 50+ TOPS

Best-in-Class Integrated Graphics

AMD Radeon™ graphics powered by AMD RDNA™ 3.5 architecture enables rapid content creation and seamless multitasking

Simplified Maintenance Easy access to customer replaceable units including battery, keyboard, storage, and more

Designed for Mobility Stay connected on the go with Wi-Fi 7, 5G², Thunderbolt™ 4, and more

Recommended Services

Lenovo's Premier Support Plus

delivers advanced anywhere, anytime seamless support with Al-powered, proactive and preventative services. Also includes Accidental Damage Protection, extended battery warranty (for eligible devices) and Keep Your Drive. You'll minimize downtime, boost productivity, enhance the experience, and free up in-house IT resources from break/fix maintenance.

Warranty Extensions & Upgrades

Lenovo offers a range of warranty upgrades to suit your business needs, such as next business day upgrades. Warranty extensions allow you to control your device budget, protect your investment and potentially lower the cost of ownership over time.

Lenovo's Asset Recovery Services

(ARS) enables secure destruction of data, helps reduce e-waste, and offers a fair market value for your end-of-life IT assets. The service also supports equipment from any manufacturer including PCs & tablets, monitors, servers, phones, printers, copiers and networking equipment.

Lenovo CO₂ Offset Service makes offsetting carbon emissions simple and within the control of the customer. We offset the carbon emissions across the average lifecycle associated with each of our devices by providing the option at point of purchase. These offsets help support climate action projects verified by United Nations, Gold Standard®, and Climate Action Reserve.

- 1 Select versions available via preload
- 2 Red Hat Enterprise Linux select versions certified
- 3 SSD, Fingerprint Reader Module, and Memory
- 4 Product packaging shall contain, on average, a minimum total percentage of 90% by weight of any combination of the following materials: Recycled content, biobased plastic, non-wood biobased fiber material, and/or sustainably forested material
- 5 Standard / bulk
- 6 Certification available on select models
- 7 Certification available on select models; EPEAT registered where applicable. EPEAT registration varies by country. See www.epeat.net for registration status by country
