

A SMARTER WAY TO BUY I.T. THROUGH OMNIA

Proven Experience. Practical Solutions.

Contract: OPR143183

Procurement Made Easier with OMNIA and Connection

OMNIA Partners offers a nationally awarded contract vehicle that helps simplify technology purchasing for private sector organizations. Through our contract, Connection supports members with access to competitively priced IT products and services for your organization's needs.

Our partnership with OMNIA helps reduce procurement friction and allows organizations to consolidate vendors, improve IT standardization, and streamline sourcing through an established and trusted contract. Utilizing the OMNIA contract provides speed to savings by leveraging an already negotiated agreement.

Support for Every Step of the IT Lifecycle

- Access competitive pricing through an established GPO contract
- Reduce complexity in supplier management and sourcing
- Optimize nationwide device deployment and refreshes
- Securely manage end-of-life processes for IT assets

Connection Helps Your Organization:

- Simplify national and global procurement processes
- Align IT spending with usage through contract optimization
- Streamline purchasing and deployment for frequently used product categories
- Improve planning with support from experienced and trained advisors
- Eliminate inefficiencies in IT sourcing
 - Reduce costs, standardize platforms, and unlock more value from your OMNIA membership across distributed workforces or multiple locations
