## Self-Service Kiosk

KMC-W series

### Self-service out of the box with Windows OS

Introducing the Samsung Kiosk with Windows OS: a compact, modern and eye-catching kiosk to provide reliable performance in any business location. Samsung Kiosk offers a variety of customer payment options including credit card, barcode, QR code and NFC, along with a built-in printer system with no additional peripherals needed. It can be installed on a countertop, on a floor stand, or be mounted on a wall. Plus, with built-in Windows 10 IoT Enterprise OS, it supports enhanced compatibility with various 3rd party devices and services to integrate and boost business operations.

### Key features

#### Windows 10 IoT Enterprise OS

Samsung Kiosk operating on Windows enables flexible connection with versatile devices and services, making it suitable for a wide array of business use cases.

#### Intel® Core™ Processors

Powered by 11th Gen Intel® Core™ Processor, Samsung Kiosk built on Windows OS features high performance computing power for flexible, stable, and enhanced capabilities.

#### All-in-One Solution

Samsung Kiosk is an all-in-one solution without the need for an external PC.

#### Modular Functionality

Samsung Kiosk provides a variety of payment options including credit card, barcode, QR code and NFC, along with a built-in printer.

#### Stylish Look

Samsung Kiosk's stylish, compact design blends naturally into any store interior.

#### Optional Stand

Along with optional stand, Samsung Kiosk offers three installation types — countertop, floor stand and wall-mounting — for optimized space saving.
