

Galaxy Tab Active5 Pro

Built to keep up with your workday

Give your frontline team a tablet that's more than up to the job with Galaxy Tab Active5 Pro. This tablet helps your crew do more with less while staying productive onsite or in the truck — perfect for field workers and industries like delivery services, warehouses and law enforcement. A durable and water-resistant design withstands drops, spills and extreme heat and cold.¹ The responsive touchscreen makes it easy to knock out tasks — it even works if you're wearing gloves or with water on it.² Keep the workflow going with Dual Hotswap battery functionality — simply swap out one long-lasting battery for a fresh one³ without having to reboot to ensure seamless operation. Customizable features, such as hot keys, empower your workers by letting them turn the tablet into a scanner or a walkie-talkie.⁴ Plus, your employees will work efficiently since Tab Active5 Pro is part of a rich system of partner software and hardware integrations they already know and respect. And you'll experience peace of mind knowing Tab Active5 Pro is designed with the built-in protection of Knox Security to help keep your business's data away from prying eyes.

Rugged and ready for work

Conquer the elements with a dust-, dirt-, sand- and water-resistant design. Galaxy Tab Active5 Pro is IP68-rated² in compliance with MIL-STD-810H⁶ to absorb shocks even when dropped and can be safely sanitized.

Never be without power

Easily change batteries on the go without powering down with Dual Hotswap battery functionality.⁶ Plus, you can work in No Battery Mode³ when you're connected to a dedicated power source.

Power for hours

Power through projects with a long-lasting battery that charges fast.⁵

Designed to withstand the elements

The responsive touchscreen even works with gloves, so your team stays safe and dry while they get more done.⁷

Stay connected to what's important

Keep your team working at the speed of business with fast, reliable connectivity.

A time-saving shortcut

Customize and streamline tasks to a single click with a programmable key.

¹These devices passed military specification (MIL-STD-810H) testing against a subset of 21 specific environmental conditions, including temperature, dust, shock / vibration and low pressure / high altitude. Real-world usage varies from the specific environmental conditions used in MIL-STD-810H testing. Samsung does not guarantee device performance in all extreme conditions. ²Consistent with IP68 rating, water resistant in up to 5 feet of water for up to 30 minutes. Rinse residue / dry after wet. ³Extra replaceable battery and POGO charging dock sold separately. In the case of extra replaceable batteries, only Samsung-certified products are compatible for use. ⁴Feature requires third party app; available for download and/or purchase through app store. ⁵Requires included travel adapter. ⁶No Battery Mode is an optional battery safety feature developed to enable Galaxy Tab Active5 Pro to operate without battery with fixed and continuous power supplied. Not all use cases are recommended or advised. ⁷Glove Mode is compatible with most gloves and in wet conditions but does not work as intended with extremely heavy-duty gloves or mittens. ⁸Measured diagonally as a full rectangle without accounting for the rounded corners. Actual viewable area is less due to the rounded corners and camera hole. ⁹Weight may vary by market. ¹⁰MicroSD card sold separately. ¹¹Typical value tested under third-party laboratory conditions. Typical value is the estimated average value considering the deviation in battery capacity among the battery samples tested under IEC 61960 standards. Rated (minimum) capacity is 4,900mAh. Actual battery life may vary depending on network environment, usage patterns and other factors. ¹²Embedded SIM availability varies by market. ¹³GNSS availability type may vary by market. Galileo and BeiDou coverage may be limited. BeiDou and QZSS may not be available for certain markets. ¹⁴Key mapping support may vary by app. Programmable keys limited to select functions. ¹⁵DeX can be activated via Samsung Galaxy Tab Active5 without a cable only on supported monitors. Accessories and monitor sold separately. © 2025 Samsung Electronics America, Inc. All rights reserved. Samsung and Galaxy Tab are trademarks of Samsung Electronics Co., Ltd.
