ADVANCED PROTECTION FOR ALL

Lenovo ThinkShield Solutions

Comprehensive protection for small and midsize businesses

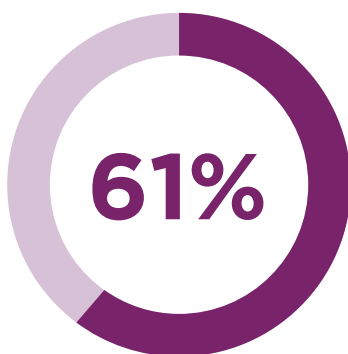

Cybercrime is on the rise—and businesses, especially SMBs, are feeling the impact. With threat levels continuing to escalate, companies are focusing in on their cybersecurity investments. Lenovo ThinkShield is your single partner to provide the right hardware, software, and services to ensure your business is protected.

Lenovo ThinkShield Solutions

Total defense for every business

Lenovo ThinkShield Solutions are top-tier comprehensive security offerings, including AI-driven advanced threat detection, ransomware and data protection, USB device-based threat protection, and more. As a trusted global technology partner, Lenovo simplifies your protection by providing all the products and services you need—all in one place.

Plus, Lenovo has teamed up with best-in-industry partners to deliver unparalleled cybersecurity expertise and support at every level.

Lenovo ThinkShield.

One partner, total protection.

Safeguard your assets, prevent costly breaches & minimize downtime.

Ensure end-to-end protection to address cyberthreats at multiple levels.

Boost efficiency with automated protection from AI-powered solutions.

Stay on budget with tailored plans to meet your specific business needs.

Ensure compliance with simplified regulatory management.

ThinkShield Solutions vs. Multiple Individual Vendors

	Lenovo ThinkShield Solutions	Individual Vendors
Employee Requirements	1-2 employees for management	3-5 employees for procurement, testing, and deployment
Integration	Seamless integration with unified management	Potential integration issues between different solutions
Maintenance	Simplified maintenance with a single vendor	Complex maintenance with multiple vendors
Scalability	Easier to scale with a single solution	More challenging to scale due to disparate systems
Renewal Costs	Typically lower due to bundled pricing	Higher due to multiple renewals and potential price increases
Renewal Time	Streamlined with a single contract	Time-consuming with multiple contracts and negotiations
Expertise	Knowledge across multiple domains of cybersecurity	Fragmented expertise with limited unified solutions experience

Lenovo ThinkShield Solutions offer defense at every level, with every purchase.

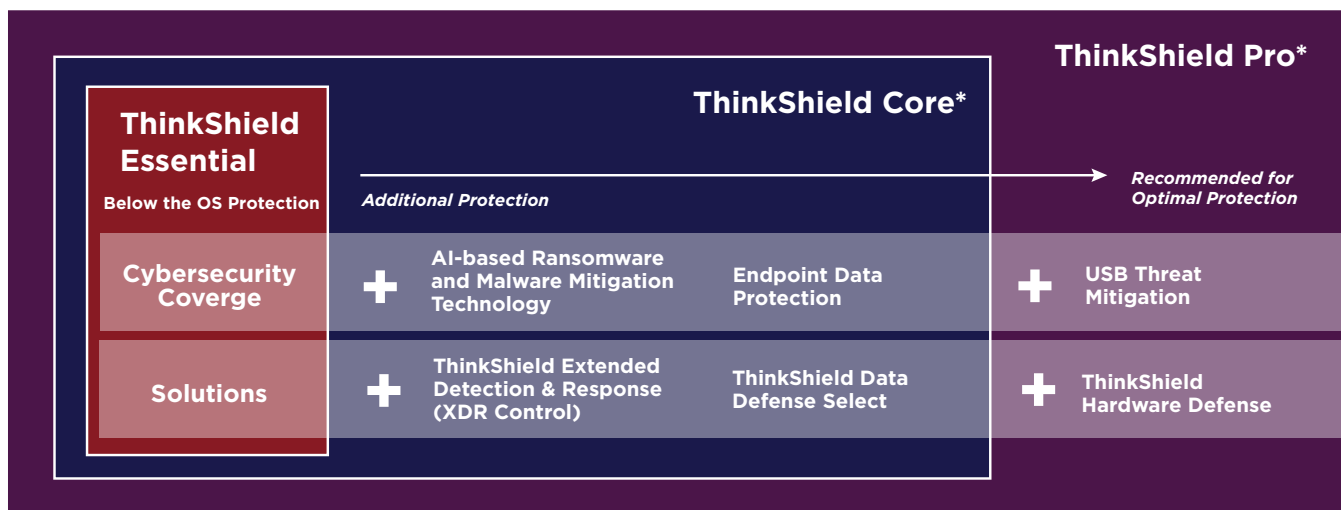

Our expertise, global presence, and security professionals provide reliable solutions to defend your business without compromising end-user productivity. Our essential solutions come standard and available with select Lenovo notebooks and PCs, so you can confidently equip your workforce.

Standard Solutions

Lenovo ThinkShield Essential

Now, you can choose from our new subscription-based add-on solutions, **ThinkShield Core** and **ThinkShield Pro**, which elevate business protection with AI-accelerated solutions and OS-to-cloud cyber-defense.

¹ Standard security features on selected Lenovo commercial notebooks

² Available on selected Lenovo commercial PCs

³ Requires activation

* Available with select Lenovo hardware devices through authorized Lenovo partners. Standalone availability to be determined. Please check with your ThinkShield sales team for more information.

Explore the latest security offerings from Lenovo ThinkShield Solutions.
