

Support Digital Learning Initiatives with a Mobile First Environment

Solutions designed with students in mind

The mobile first classroom lets everyone thrive when they use Wi-Fi enabled devices and apps that create a richer learning experience.

Dependable classroom Wi-Fi that won't interrupt learning.

WI-FI THAT WORKS

- Always-on reliability
- Uninterrupted learning with load balancing and hitless failover
- Automated best AP selection and RF optimization

NETWORK SECURITY

- Differentiate access for students, staff, guests, and IoT
- Segment network traffic and access
- Machine-learned analytics detect and respond to security risks

INTELLIGENT SWITCHING

- High density connectivity
- Simplify IT operations
- Smart rate multi-gigabit ethernet

ENHANCED LEARNING EXPERIENCE

- Engage students with location-based content
- Prioritize educational apps to optimize network performance
- Identify issues before they affect students

ADAPTABLE ARCHITECTURE

- Switch from on-premises or cloud management
- Multi-vendor network architecture – no vendor lock-in
- Product works, even if subscription ends

SIMPLIFIED MANAGEMENT

- Wired and wireless network management
- Automate troubleshooting and streamline operations
- Quickly scale to address new network demands

Deliver mobile first learning with Connection.
