

# Maintain Smart, Insightful, and Predictable Networks with Aruba

## Securely connect users, devices, and things – from the Edge to the Core

New AI-powered analytics and assurance innovations together with Smart Digital Workplace partnerships revolutionize the user experience. Aruba, a Hewlett Packard Enterprise company, is ready for your mobile-cloud world, today and into the future.

### Why Aruba?

#### CONNECT

- Aruba Campus Wireless Access Points deliver superb Wi-Fi performance
- Aruba Campus Switching for scalable, reliable and secure connectivity
- Aruba Mobility Controllers centralize and control AP traffic

#### INTELLIGENT INSIGHT

- Unites data between the edge and the cloud for enhanced user experiences
- Aruba analytics and assurance solutions can reduce help desk calls
- Aruba Meridian and ClearPass enables mobile engagement, wayfinding, and asset tracking

#### SECURE

- An enterprise security framework helps create 360 degrees of active cybersecurity
- Aruba ClearPass provides device visibility and control
- Aruba IntroSpect detects network anomalies and identifies threats

#### MOBILE FIRST

- A next generation architecture supports multi-vendor networks and is open, secure, and autonomous
- A single architecture for the software-defined enterprise, designed to be mobile first
- Edge-in versus network-out design approach

#### COMPLETE NETWORKING PORTFOLIO

- Enterprise-class wired and wireless network solutions for any size business
- Award-winning security, network management, and location services optimized for the digital era
- Indoor location services enable workplaces and venues to engage users, customers, or fans via mobile apps

#### CUSTOMER FOCUS

- “Customer first, customer last” culture committed to your success, no matter what it takes
- Aruba Airheads collaborative community actively connects, innovates, and shares ideas and solutions
- A world-class partner ecosystem
