

Keep Your Licensing Investment on Track

with Connection's Microsoft Center of Excellence

Licensing can be a confusing aspect of any software's lifecycle. Connection's Microsoft Center of Excellence clarifies the process by keeping it simple and removing the opportunity for expensive mistakes and missed stops that can happen when you travel alone.

On Time, On Track

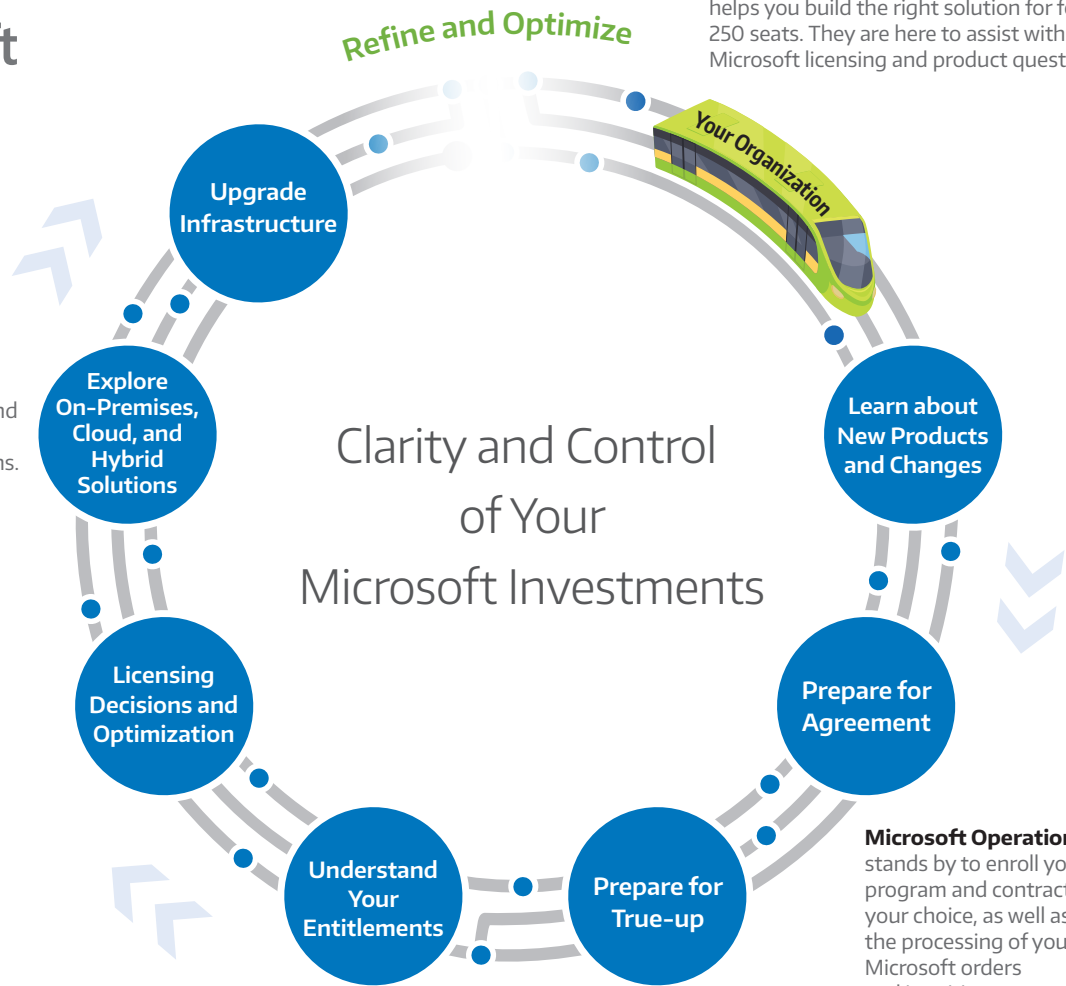

As every traveler knows, sometimes a good guide can make all the difference. Our Account Managers, Licensing Solution Specialists, Licensing Concierges, and Partner Development Specialists will be with you for your entire trip, always available and always ready to help in your journey to better licensing.

Account Manager is your main point of contact. They are available whenever needed to help provide the resources and expertise within the Connection Microsoft team and beyond.

Licensing Solution Specialist works with you throughout your entire software lifecycle and helps you build the right solution for 250 seats and above. They are here to assist with all of your Microsoft licensing and product questions.

Licensing Concierge stays with you for the full software lifecycle to ensure you are getting the most out of your Microsoft investment.

Partner Development Specialist works with you throughout your entire software lifecycle and helps you build the right solution for fewer than 250 seats. They are here to assist with all of your Microsoft licensing and product questions.

Technology Solutions Group provides additional software and hardware implementation for Microsoft on-premises solutions.

Microsoft Licensing Optimization should happen prior to an agreement renewal, a new agreement being signed, or during any strategic licensing decision event.

Microsoft Cloud Services are available for those looking to explore, plan, and deploy cloud initiatives.

Software Asset Management can be initiated at any point to help you complete a self-audit. SAMs can also be completed prior to a true-up and renewal to ensure compliance.

Microsoft Operations Team stands by to enroll you in the program and contract of your choice, as well as the processing of your Microsoft orders and inquiries.

» Don't let licensing take you for a ride. Call an Account Manager today and let us help you plan the best route.
